Attention: Ms. Erica M. Hamilton, Commission Secretary

Dear Ms. Hamilton:

**Re: FortisBC Inc. (FBC) Application for an Advanced Metering Infrastructure (AMI)
Radio-Off Meter Option (Application)
Erratum 1 to the Application**

FBC provides the following erratum to its Application for approval of an AMI Radio-Off Meter Option.

1 Radio-Off AMI Meter Option Application, Appendix C, Rate Schedules, Sheet 39B, Item 2

Language has been added to clarify the exact process required for a customer to select the Radio-Off Meter Option. A replacement page is attached.

If you require further information or have any questions, please contact the undersigned.

Sincerely,

FORTISBC INC.

SCHEDULE 81 – RADIO-OFF ADVANCED METER OPTION cont'd

RADIO-OFF ADVANCED METER OPTION DETAILS

TERMS AND CONDITIONS:

1. Radio-Off Customers that have applied to the Company for a Radio-Off Meter by completing, signing and delivering the application form provided by FBC to customers for use in selecting the Radio-Off Meter Option, will be provided with a meter that has the integrated wireless transmit functions disabled.
2. If the Company attends a Customer’s Premises at the request of a Customer but, on attending, is unable to install a Radio-Off Meter because the Customer refuses access or because the facilities required to be provided by the Customer are found to be deficient, the False Site Visit Charge set out in Schedule 80 may be charged.
3. Radio-Off Customers must pay the charges as set out in this Schedule. Failure to pay these charges will be subject to standard collection procedures and may result in service disconnection. The Per-premise set up fee will be charged on the first bill after the AMI meter’s radio is disabled, and the per-read fees will be charged on every subsequent bill.
4. Access to the Radio-Off Meter(s) must be provided on the basis specified in the Terms and Conditions.
5. If a Radio-Off Customer elects to stop using the Radio-Off Meter option, the Company will obtain a final manual meter read prior to enabling the wireless transmit functions of the meter. The Radio-Off Customer will incur one final Per-Read fee for this service.
