FORTISBC INC.
OTR PROJECT CPCN **EXHIBIT A-2**

TO: FortisBC Inc.
Registered Intervenor

Re: FortisBC Inc.
Certificate of Public Convenience and Necessity ("CPCN")
for the Okanagan Transmission Reinforcement Project ("OTR Project")

In the interest of an effective and efficient proceeding, the Commission Panel will only accept and post Intervenor evidence after a Procedural Order and Regulatory Timetable has been issued following the February 27, 2008 Procedural Conference. The matters to be discussed at the Procedural Conference will include the scope of the hearing, and related issues, to be addressed in the course of the proceeding. The Commission will issue a preliminary list of issues and scope matters to be addressed at the Procedural Conference following receipt of the first round of Information Request Responses from FortisBC. Intervenor and Interested Parties are requested to provide any additional matters for consideration at the Procedural Conference following receipt of the conference issues list from the Commission. Intervenor and Interested Parties are also requested to provide a preliminary indication, at the Procedural Conference, as to whether they plan to present any relevant evidence in the hearing.

Yours truly,
