Attention: Ms. Erica M. Hamilton, Commission Secretary

Dear Ms. Hamilton:

Re: FortisBC Energy Inc. – Revelstoke Service Area

2013 First Quarter Gas Cost Report

FortisBC Energy Inc. ("FEI" or the "Company") hereby submits to the British Columbia Utilities Commission (the "Commission") the 2013 First Quarter Gas Cost Report for the Revelstoke Service Area ("Revelstoke"). The attached schedules provide a summary of the forecast monthly Propane Cost Deferral Account balances based on the February 22, 2013 forward prices.

The schedule at Tab 1, Page 1, based on the February 22, 2013 forward prices, using NYMEX Mt. Belvieu Propane Swap prices, and based on the current rates, shows that the projected deferral account balance at March 31, 2013 is \$292,056 surplus (after tax), and the forecast balance at March 31, 2014 is \$2,713 deficit (after tax). The rate change trigger ratio is calculated to be 99.8%, which falls within the 95% to 105% deadband range, and the tested rate increase that would be required to produce a 100% propane cost recovery-to-cost ratio is calculated to be \$0.016/GJ (Tab 1, Page 3, Line 20), which falls within the minimum \$0.50/GJ rate change threshold, indicating that a rate change is not required at this time.

Provided in Tab 2 are the details of the forecast gas costs for Revelstoke. The Company requests the information contained in Tab 2 be treated as CONFIDENTIAL.

# CONFIDENTIALITY

Consistent with past practice and previous discussions and positions on the confidentiality of selected filings (and further emphasized in the Company's January 31, 1994 submission to the Commission) FEI is requesting that this information be filed on a confidential basis pursuant to Section 71(5) of the *Utilities Commission Act* and requests that the Commission exercise its discretion under Section 6.0 of the Rules for Natural Gas Energy Supply Contracts and allow these documents to remain confidential. The Company believes this will ensure that market sensitive information is protected, and FEI's ability to obtain favourable commercial terms for future gas contracting is not impaired.

In this regard, FEI further believes that the Core Market could be disadvantaged and may well shoulder incremental costs if utility gas supply procurement strategies as well as contracts are treated in a different manner than those of other gas purchasers, and believes that since it continues to operate within a competitive environment, there is no necessity for public disclosure and risk prejudice or influence in the negotiations or renegotiation of subsequent contracts.

In summary, the Company requests that the propane reference price for use in the Revelstoke Propane Cost Deferral Account and customer rates remain unchanged at April 1, 2013. FEI will continue to monitor the forward prices and will report these results in the 2013 Second Quarter Gas Cost Report.

We trust the Commission will find the attached to be in order. However, should any further information be required, please contact Brian Noel at 604-592-7467.

All of which is respectfully submitted.

Yours very truly,

FORTISBC ENERGY INC.

Dear Ms. Roy:

Re: FortisBC Energy Inc. Revelstoke Service Area 2013 First Quarter Gas Cost Report

Further to your March 7, 2013 filing of the 2013 First Quarter Gas Cost Report (the Report) for the Revelstoke Service Area, the British Columbia Utilities Commission (Commission) acknowledges receipt of the Report and accepts the recommendation that the propane reference price remain unchanged at April 1, 2013.

The Commission will hold confidential the information in Tab 2 of the Report.

Yours truly,

Erica M. Hamilton
Commission Secretary
