Attention: Mr. Patrick Wruck, Commission Secretary and Manager, Regulatory Support

Dear Mr. Wruck:

**Re: FortisBC Energy Inc. (FEI)
Customer Choice 2016 Annual General Meeting (AGM)
British Columbia Utilities Commission (the Commission) Exhibit A-2 – FEI
Submission on AGM Process**

On February 28, 2017, in accordance with Commission Order A-10-12, FEI submitted its Customer Choice Program Statistics for the 2016 calendar year. On April 13, 2017, the Commission responded with a letter (Log No. 53917) to FEI and registered interveners in the Customer Choice Program Cost Recovery Application, requesting submissions on “...whether an AGM process is warranted this year and if so, proposed issues for discussion.”

FEI respectfully submits that an AGM process is not warranted this year after the extensive Customer Choice Program Cost Recovery review process undertaken in 2016, resulting in the implementation of the fee structure on April 1, 2017. FEI does not have any issues to discuss at this time, but is amenable to participating in an AGM if, based on submissions from the parties, the Commission believes one is necessary.

If further information is required, please contact Scott Webb, Manager, Customer Programs & Research at 604-592-7649.

Sincerely,

FORTISBC ENERGY INC.
