Attention: Mr. Patrick Wruck, Commission Secretary and Manager, Regulatory Support

Dear Mr. Wruck:

Re: FortisBC Energy Inc. (FEI)

Project No. 1598970

2019 and 2020 Revenue Requirements and Rates Application for the Fort Nelson Service Area (the Application)

FEI Submission on Process

On September 4, 2018, FEI filed the Application referenced above. FEI makes the following submission on further process, in accordance with British Columbia Utilities Commission (BCUC) Order G-171-18.

On November 19, 2018, FEI filed its responses to approximately 150 information requests. In FEI's view, the information requests did not give rise to any material issues that require further process. As such, FEI submits that the evidentiary record is sufficient and that the regulatory review process should now proceed to the written argument phase. FEI proposes that its written final argument be filed two weeks after the issuance of a BCUC procedural order, followed by written intervener final arguments and FEI written reply argument at two-week intervals.

If further information is required, please contact the undersigned.

Sincerely,

FORTISBC ENERGY INC.
